Rhonda Sutherlin reigns during Putnam County Fair

Miss Rhonda Sutherlin, Russellville, will reign as the 1968 Putnam County Fair Queen.

The selection of the new queen, to succeed the 1967 Fair Queen, Miss Vickie Judy, was the highlight of the fair, Monday night. Miss Linda New, Greencastle, was chosen first runner-up.

Other contestants were Miss Ena Whitaker, Cloverdale; Miss Sharon L. Stringer, Fillmore; Miss Karen Hutcheson, Reelsville; Miss Janet Hennon, Roachdale; and Miss Becky McFarland, Bainbridge.

The contestants were judged on the basis of appearance in street dresses, swimming suits and evening attire. Each girl also answered a question to help illustrate her poise and charm. In addition to beauty, the girls, according to pageant officials, were judged on a basis of poise and personality.

Judges for the event were Miss Mary Elberg, Miss Indianapolis 1968, Miss Joan Angelepolous, fashion coordinator for Davidson Indiana Fur Co. and a model; and Tom Waddelton, a writer for the Indianapolis News.

Norman Knight served as master of ceremonies. Musical preludes were provided by John Hurst. Special entertainment was provided by Dorothy Taylor and

Lauri Knight and Miss Elberg, sang a selection from "South Pacific."

Miss Sutherlin is the daughter of Mr. and Mrs. Herman Sutherlin, Box 28, Russellville. She will be a senior at Russellville High School in the autumn.

She is a member of 4-H and a 4-H junior leader. In addition, she is a varsity cheerleader and a member of the Order of Rain-

bow for Girls. Miss Sutherlin is active in the United Church of Christ and is song leader of the Sunday School. Her hobbies include sewing, drawing, painting and singing.

Miss New is the daughter of Mr. and Mrs. Woodson New, Greencastle Route 1. A student of Greencastle High School, she is a member of the Pep Club, 4-H, Theatrics, Summer Theatre, G.A.A., Y-Teens, French Club, Tigerettes and the Red and Blue Review. She is a 4-H junior leader and has served on the student council in high school.

Parents of the other contestants are Mr. and Mrs. Eugene McFarland, Bainbridge Route 1; Mr. and Mrs. Reed Hennon, Roachdale; Mr. and Mrs. Ralph Hutcheson, Reelsville Route 1; Mrs. Dorothy Stringer, Coates-

ville Route 1; and Mr. and Mrs. Charles Whitaker, Cloverdale.

Mrs. Lois Allee served as coordinator of the Queen Contest Committee. In closing remarks to the audience, she thanked all who worked to present the 1968 Queen Contest.

Miss Sutherlin is now eligible to participate in the Queen Contest at the Indiana State Fair in August.

Fire in stove causes light damages

The Greencastle Fire Department was called to the Gerald Burton residence, 12 Sunset Drive, at 10:33 a.m., Monday. A short in the wiring was believed to have caused a fire in a kitchen stove. Damage was estimated at \$100.

Attempt another blockage of time split

INDIANAPOLIS (UPI)—David L. Casterline, assistant U. S. district attorney, will fly to Washington today to meet with federal officials in an attempt to block enforcement of the 1966 Uniform Time Act in Indiana.

Casterline made no statement as to his plans in Washington. He said only that he will meet with attorneys representing the Department of Transportation and the Federal Bureau of Investigation.

Casterline succeeded Saturday in getting Chicago Circuit Court of Appeals Judge Luther M. Swygert to order a week's delay in the enforcement of an earlier ruling by Indianapolis Federal Judge Cale Holder.

Hearing set on new rules for gas company

INDIANAPOLIS (UPI)—A public hearing will be held Aug. 14 at the Indiana State Office Building on proposed new rules governing all gas companies which indirectly resulted from an April 6 explosion in Richmond in which at least 41 persons were killed.

The hearing is a preliminary step toward adoption of the new rules which also must be approved by Governor Branigan and Atty. Gen. John J. Dillon. The draft of the new rules contains one major change which makes an annual gas detection survey mandatory.

While these proposed new rules are going through the route of becoming administrative regulations with the force of the law, the PSC also has before it a petition filed by Richmond. This petition asks that the Richmond Gas Corp. be ordered to stop transmitting gas to the downtown core area of the city, and to order a formal investigation into "any neglect or violation of state laws or city ordinances."

This petition has been assigned to PSC commissioner Philip Bayt who has not yet set a hearing but plans a pre-hearing conference soon.

The new rules which are subject to a public hearing Aug. 14 contain much of the same material now in existing PSC rules but an added section provides:

"At least once a year a gas detector survey shall be conducted in business districts, high occupancy buildings such as schools, hospitals, churches, apartment buildings, office buildings, commercial areas and built-up residential areas where continuous paving exists and such other areas as the commission may direct."

While a formal report on the April 6 disaster at Richmond did not confirm that leaking gas was responsible, it said this was one of the possible causes of the initial blast and that gunpowder stored in a sporting goods store was the source of the second blast.

Theatre is stage for peace talks

CIERNA NAD TISOU, Czechoslovakia (UPI)—Czech Communist reformers and their former Soviet masters today played out the drama of their split in talks in the local movie house.

The Czech and Soviet leaders resumed their talks at 10 a.m., (5 a.m., EDT) as the Russians spread their record peacetime maneuvers to include East German and Polish troops on three sides of this country.

There was no official word on progress in the two-day old confrontation aimed at settling by words the Soviet-Czech crisis the Russians have threatened to solve by force.

Heavy police and troop guards in this village on the Soviet border kept the rest of

the world at bay from the freshly painted theater where Czech party First Secretary Alexander Dubcek, Soviet party First Secretary Leonid I. Brezhnev and their delegations were meeting.

But some optimism showed in Moscow.

UPI correspondent Henry Shapiro reported that the Soviet capital that diplomats suddenly appeared optimistic that words instead of guns would end the crisis shaking the East bloc. The diplomats talked of a compromise.

The main issue is Kremlin fear that Czech party reforms in favor of freedom are leading this former satellite toward capitalism and out of the East bloc military alliance.

Holder ruled that the entire state of Indiana must observe daylight time at 2 p.m. Sunday, according to the 1966 act. However, Swygert's order overrules Holder's at least until midnight this Saturday.

Casterline also appealed Holder's ruling in the 7th District Circuit Court of Appeals at Chicago.

If the Uniform Time Act is observed in Indiana, as Holder has ruled it should be, 43 counties now observing Eastern Standard Time would have to move their timepieces ahead one-hour to comply with Eastern Daylight Time. The observance would be until the last Sunday in October.

Nixon wins new hope, Rocky doesn't worry

By United Press International
The making of the president, 1968, was in the psychological warfare stage in both parties today.

Republican candidates on the eve of their national convention battled with polls, while Democratic aspirants duelled with technicalities of procedure at their own convention late in August.

Vance Hartke proposes new election plan

WASHINGTON (UPI)—Sen. Vance Hartke, D-Ind., joined five other Senators Monday in proposing a plan under which a candidate for president with a national plurality would be elected.

Under the proposal, which was apparently prompted by worry that the presidential election may wind up in the House of Representatives, House members would commit themselves to vote with the highest nationwide vote total if no candidate receives a majority in the Electoral College.

Senators would make a similar commitment for the vice-presidential candidate.

The other senators endorsing the plan are Edward W. Brooke, R-Mass.; Thurston Morton, R-Ky.; Hugh Scott, R-Penn.; Philip A. Hart, D-Mich.; and Henry Jackson, D-Wash.

Richard M. Nixon's camp ballyhooed the latest Gallup poll showing the former vice president winning in trial heats against either of the leading Democratic hopefuls, Vice President Hubert H. Humphrey or Sen. Eugene J. McCarthy. The poll put Nelson Rockefeller about even with either Democrat.

It was the first Gallup poll in some weeks to show Nixon running stronger than Rockefeller, and Nixon aides said it knocked the wind out of Rockefeller's contention he is the only proclaimed GOP

candidate who could win in November.

But Rockefeller discounted that poll, saying it was not polls that counted but who could win electoral votes. He released a poll of his own showing him winning eight selected industrial states with a total of 202 electoral votes.

Humphrey meantime moved to neutralize McCarthy's strategy of attacking Humphrey's leading position with the claim the Democratic convention will not be truly open.

Humphrey promised an end to the so-called unit rule at the convention, saying he wanted

every delegate to have freedom of choice in his vote for the party's nominee.

McCarthy was to answer Humphrey's proposals at a news conference later today.

Other developments:

George Wallace: The former Alabama governor told a sellout \$25-a-plate rally in Tampa, Fla., he is a third-party candidate for president because there is no difference between the national Republican and Democratic parties. He drew cheers with the comment a single federal judge today has more power "than the 50 governors combined."

THE SEVEN CONTESTANTS in the Queen Contest wait anxiously as the judges prepare to announce the winner. The girls are (l to r) Becky McFarland, Bainbridge; Ena Whitaker, Cloverdale; Sharon Stringer, Fillmore; Linda

New, Greencastle, first runner up; Karen Hutcheson, Reelsville; Janet Hennon, Roachdale; and Rhonda Sutherlin, Russellville, the new queen.

SMILING WITH JOY and excitement, Miss Rhonda Sutherlin, Russellville, is named the 1968 Putnam County Fair Queen, during the Queen Contest Monday night at the Fairgrounds. Miss Vicki Judy, 1967 Fair Queen, presents the crown to Miss Sutherlin.

Marines suffer one of worst defeats of year

By ALVIN B. WEBB JR.

SAIGON (UPI)—U.S. headquarters today announced a Communist ambush that cost American Marines 20 men killed and 40 wounded Sunday—one of the Leathernecks' worst small-unit defeats in 1968.

"Every time we changed direction, Charlie (the Communists) opened up with heavy machine gun fire from a completely new position," said Marine Pfc. Gregory Reynolds of Washington, D.C., telling how the Communists waited until his patrol was 15 feet away before opening fire.

The ambush 20 miles southwest of Da Nang was the latest in a series of Communist shellings and attacks in that area in the past two weeks. Allied commanders said the guerrillas are poised for an attack on the key U.S. war complex at Da Nang.

"It appears the Viet Cong are making preparations for a raid against Da Nang, possibly with as many as two regiments," said Lt. Gen. Hoang Xuan Lam, South Vietnam's northern commander.

U.S. B52 bombers, trying to dissuade a simultaneous assault into Saigon, dropped 1.7 million pounds of bombs onto Communist encampments within 10 miles of Cambodia northwest of the capital Monday and today, spokesmen said.

Viet Cong terrorists tossed three hand grenades into a crowded market place on Saigon's doorstep today, killing eight persons and wounding 42. Five of the dead at Hoc Mon,

seven miles northwest of Saigon, were Vietnamese soldiers, the communists said.

Over North Vietnam, Navy Lt. Cmdr. Guy Cane, 38, of New York City shot down a Communist MIG17 while flying protection Monday for American pilots on panhandle bombing missions, headquarters said.

It was the third MIG downed by U.S. planes this month and the 109th downed in dogfights since the air war began almost four years ago, spokesmen said.

Deadline near for 'Make It with Wool' contest

The deadline for entries in the "Make It With Wool" competition is July 31.

Entry blanks are available through Mrs. Glendon Herbert, Cloverdale, director of District 5.

The fashion show, with area women modeling the garments of wool they constructed, is set for Aug. 13 at 1:30 p.m. in the community building in Cloverdale.

Mrs. Herbert says that at least 56 entries have been recorded from Boone, Fountain, Hendricks, Montgomery, Parke, Warren and Putnam counties.

Prizes will be awarded in each of the three divisions. The first place winner will receive a trip to the state competition and a 100 percent wool skirt length.

Other prizes are second, \$15; third, \$10; and fourth, \$5. Fifth, sixth and seventh place winners will receive merchandise from sponsors of the contest.

Contributions of prize money are being made by the Montgomery and Putnam County Wool Growers Association and District 5 Farm Bureau.

The contest is sponsored by the National and State Wool Growers Association and Indiana Farm Bureau Women.

Gary sees third night of disorder

GARY, Ind. (UPI)—A window in a police car was shattered by a gunshot Monday night in the third night of disorders in Indiana's second largest city.

Police arrested 59 persons for curfew violations as many residents roamed the streets in defiance of Negro Mayor Richard G. Hatcher's order to stay home.

But the disturbances were considered minor, and the curfew was lifted in accordance with prearranged plans at 7 a.m.

Ninety Indiana State Police troopers on duty during the night to help keep order in the Steel City were withdrawn at dawn, and most Gary policemen on extra and overtime duty also left.

Regular eight-hour police shifts took effect at 8 a.m.

Harold G. Wilhite, age 38, Brazil, was arrested by Sheriff Bob Albright at 1:22 a.m., Tuesday, on charges of public intoxication and driving under the influence.

To spray or not to spray

WASHINGTON (UPI) — This story was making the rounds of the White House Monday.

Early this morning, about 6 a.m., National Park Service workers were spraying trees in the White House south grounds as a protection against insects and plant disease.

The spray crew was moving around the circular driveway spraying the trees next to the White House when a tall man in pajamas emerged on the second floor balcony in an angry mood. It seems that on a cool night President Johnson had been sleeping with his bedroom window open and awakened to find insect spray floating into the room.

The President suggested rather firmly that the men spray elsewhere. They did.

DEAR HELOISE:

If you have a child starting to school for the first time this fall, why not start NOW with a "summer traffic safety program." (I know it worked wonders with our son last year.)

Appoint the child to be your "traffic officer" for the summer months. After an explanation of traffic laws and signals, begin to take him shopping as much as possible. Let him decide when to cross the street.

This "on-the-job training" will give you an opportunity to see how the child will react to various situations. Compliment him when he does his job well and correct him when he uses poor judgement.

Teach him that traffic safety is the responsibility of everyone.

I feel that my time and efforts were well-spent and my son was so much better educated in traffic safety after having practiced all during the summer before starting to school.

He enjoyed our "training program," too. Mrs. Douglas Bean

Brando wins divorce suit

SANTA MONICA, Calif. (UPI)—Marlon Brando has won an annulment of his 8-year marriage to Mexican actress Movita Castenada on grounds she is still married to a previous husband.

Superior Judge Edward Brand granted the annulment last Friday, it was learned, and awarded the actress custody of the couple's two children, Sergio, 7, and Rebecca, 2.

Brando and Miss Castenada married secretly in 1960. At that time her former husband was reported to be Jack Doyle, an Irish crooner-boxer once threatened with deportation from the United States for violation of immigration laws.

The Mexican actress, known to moviegoers as "Movita," sued Brando for divorce in June 1967, charging mental cruelty, but the suit never got to trial.

Okun expresses economic views

EDITOR'S NOTE: Arthur M. Okun, chairman of the President's Council of Economic Advisers, discussed the nation's economic outlook during an interview with UPI's correspondent James L. Srodes. The following dispatch describes up Okun's major conclusions.

By JAMES L. SRODES
WASHINGTON (UPI) — Prices will rise less rapidly during the second half of this year.

Spending will decrease, along with the threat of inflation.

Peace in Vietnam would dictate a complete reassessment of the nation's fiscal commitments.

Those are the views of Arthur M. Okun, chairman of the President's Council of Economic Advisers, now that the 10 per cent income tax surcharge is in effect and federal spending is being reduced.

With 250 major labor contracts due for negotiation this year, and with strikes threatened in some major industries, the 39-year-old former Yale professor is chiefly concerned just now with possible new inflationary pressures from wage and price increases.

As for the immediate outlook, Okun had this to say:

"Probably the most obvious indicator to the ordinary citizen will be that prices will slow their rate of increase during the second half of this year. I don't claim this is due to the tax increase, however. I think slowdowns in steel stockpiling and auto production will work with other factors to give us a slower second half.

"But it may well be that the slowdown in the economy's growth rate will become evident sooner than the benefits—such as lower price increases or a turnaround of interest rates.

"The problem is that once you get inflation in motion it doesn't stop immediately. We've certainly turned off the engine with the tax increase, but we are still coasting uphill and it

Roll call was answered by 18 members and 12 guests. The secretary's and treasurer's reports were read and approved.

It was announced that the signs for the east and west boundaries of the township have been ordered and should arrive in the near future. Club members also discussed plans for a trip to the Lafayette Park, Aug. 11. Members will leave Belle Union at 10 a.m.

Achievement sheets were completed. "How to Make Ham Salad" was the theme of a demonstration led by Polly O'Neal. For the health and safety lesson, Cathy Frye Discussed "Beauty Tricks."

will take some time before you see an effect on prices and wages."

These were other highlights of Okun's question-and-answer session with UPI:

Q—How soon will we see anything? You once compared the U.S. economy to a fat lady munching chocolates. When does she start to get her figure back?

A—I think we have her on a diet right now and there is no question that by the time you see third quarter figures for our gross national product, it will be evident that there has been a dramatic change of pace from the first two quarters of the year.

You will see the general tone and buoyancy in markets affected. I say the main factor behind the inflation of the past year has not been acute shortages in any area but rather a buoyant economic environment where nobody was much concerned about pricing himself out of the market. It was just too easy to raise prices and let the consumer feel the burden.

This will change and some of the change will not be welcome or desirable but it is the price we pay for taking some of the steam out of the economy.

Q—Will one of the unwelcome changes be higher unemployment levels?

A—I don't think so. I think it will stay in the 3.5 per cent to 4 per cent range during the year, higher certainly in the second half than the first, but only by a few tenths of a percentage point.

Q—What about the housing industry?

A—I think housing has really been on its way down for the last couple of months. It has been surprising to me that it has held up as well as it has.

Q—How long should we keep the surcharge?

A—Any judgment I make is not really a judgment made as an economist and certainly not as the President's economic adviser. I surely would not like to see a big growth in federal expenditures without the tax revenues to pay for it. Nor would I like to see the tax left on without having some expenditures to provide some stimulative offset.

I think the job of cooling off the economy will certainly be done by early 1969 and I don't think we need a sedative to keep the economy sluggish beyond that date.

R.E.M.C. offers electrical savings to members

The Hendricks County R.E.M.C. announces new lower rates for members. The reduction will mean thousands of dollars in savings annually for the 6,200 members in Hendricks, Putnam, Montgomery, Morgan, and Marion counties.

The lower rates became effective June 1, with members receiving advantage of the lower rate on the July bill payment.

In the next five years, the reduced rates will result in total savings to the members of more

than \$500,000. This represents an overall rate reduction of approximately eight per cent each year.

The reductions were made possible through increased consumption of electricity by the R.E.M.C. members. The lower rate schedule is based on transformer size required to serve members connected load.

The following Hendricks County R.E.M.C. rates listed are Rural Residential, Farm and Commercial Service (Without

Electric Water Heater) 15 KVA Transformer or less:

First 30, KWHR per month, 7.0 cents;

Next 30, KWHR per month, 4.5 cents;

Next 140, KWHR per month, 2.2 cents;

Next 400, KWHR per month, 1.7 cents;

Next 400, KWHR per month, 1.4 cents;

over 1000, KWHR per month, 1.2 cents.

The following schedule is same

as above with the exception it has provisions for members with Electric Water Heaters:

First 30, KWHR per month, 7.0 cents;

Next 30, KWHR per month, 4.5 cents;

Next 140, KWHR per month, 2.2 cents;

Next 400, KWHR per month, 1.3 cents;

Next 400, KWHR per month, 1.7 cents;

Over 1000, KWHR per month, 1.2 cents.

Lower rates for single and three phase consumers with greater than 15 KVA of transformer capacity also went into effect June 1. Included is a new Large Power Service rate which will attract industry and in turn promote community and area development.

R.E.M.C. members are also being offered the choices of a 175 or 400 Watt Mercury Vapor Security Light at an annual cost of \$36.00 or \$48.00. R.E.M.C. will install and maintain lights

at the above cost when light can be installed on existing pole. Where a pole is needed an extra charge will be included.

Doctor Charley killed in auto

ROCHESTER, Minn. (UPI) — Dr. Charles Mayo, son of one of the founders of the famous Mayo Clinic, was killed Sunday on his 70th birthday when his car ran off a gravel road and overturned near his home.

The hospital Monday said Mayo, who spent his entire career at the clinic and who was known as "Doctor Charley," died as a result of injuries suffered in the accident.

The accident occurred two miles from the doctor's home, "Mayowood," on the outskirts of Rochester.

Mayo, whose father, Dr. Charles Horace Mayo helped found the clinic in 1889, received his M.D. degree at the University of Pennsylvania in 1926 and was named to the Mayo staff as a general surgeon in 1931.

Majority of Negroes seek equal status

WASHINGTON (UPI) — "The most apparent fact that emerges from the data we have assembled is that the Negro mass is far less revolutionary in its attitudes than its more militant spokesman.

"While there is no doubt that Negroes want change and some of them are prepared to do desperate things to bring it about, and changes they have in mind are essentially conservative in nature. The great

majority do not propose to withdraw from America; they want equal status in it."

These are basic conclusions by a research team from the University of Michigan Survey Research Center, prepared for the National Riots Commission and released during the week-end.

Under the leadership of Profs. Angus Campbell and Howard Schuman, the social scientists interviewed more than 5,000

Negroes and whites in 15 major cities.

The group was somewhat more optimistic than the Riots Commission's own report, released March 1, which concluded that "our nation is moving toward two societies, one black, one white—separate and unequal."

The report on this latest study, carried out under a Ford Foundation grant after the commission depleted its funds,

continued in its conclusions about American Negroes:

"They do not talk of tearing down the economic and political institutions of the nation; they seek to share equally in the benefits. The majority... are not despondent and without hope for the future. They see 'real progress' over the last decade and real hope for the future.

"They are pressing for an end to the indignities and disadvan-

tages which the traditional American racial pattern has held for them, but this is the only sense in which the objectives this majority has can be considered revolutionary."

The report also took mild issue with the parent commission's blanket indictment of "white racism." White people, it says, do not conform to any stereotyped pattern in their racial attitudes;

"We have indeed revealed much evidence of white dislike and resentment of Negroes, much white support of segregated social patterns, much white resistance to equal rights in housing... but we have also demonstrated (that) there is no universal pattern of racial conduct among white people in this country. On the contrary, there is a fundamental and perhaps growing schism between those whose basic orientation toward Negroes is positive and those whose attitude and behavior are negative."

Indians and fur traders roamed the wilds of Madison Township

"A Brief History of Madison Township" was presented to members of the Putnam County Historical Society during a meeting Wednesday night at Torr's Restaurant.

The discussion was led by Emory Brattain. He said that the exact date when white man first entered the township is unknown. But white fur traders, hunters and squatters were probably in the region many years before the Indian Treaty was made in 1818.

France and England were both interested in the fur trade in the area and the abundance of wild game made the locale a favorite hunting ground for the Indians. Brattain said that the first land entry was made by Richard Moore, Dec. 13, 1820. In 1821 land entries were made by Arthur McGaughey, Benjamin Bell, Isaac Woolverton and Isaac Matkins.

The last entries were made by Alexander Gray, 1844; Jacob Knauer, 1849; and Jesse Raper, 1851.

The date of the birth of the first white child in the township is also unknown, according to Brattain. The birth date of John Thomas Matkins, son of Isaac

and Sophie Matkins is unknown, but Mary Jane McGaughey, daughter of Arthur McGaughey and Sarah Bell McGaughey was born Feb. 10, 1822. McGaughey was the first county clerk, holding the office for 20 years.

Brattain stated that the first school in Putnam County seems to have been in Madison Township in 1823. A Mr. McPheeters gave the land which is close to the saddle club location and owned by Jesse McPheeters.

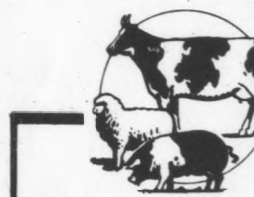

The first church organized was the Little Walnut Baptist in 1832. The second was Pleasant Hill Methodist Church, which was organized in Isaac Matkin's home about 1834. The building is still standing and intact. Isaac Matkins gave the land for the church and for the cemetery adjoining it. The cemetery was to be a free community burial ground. The first grave was made in 1827 and veterans of all wars are buried in the cemetery. The third church organized was the Long Branch Christian Church about 1840 by Elder Levi Wright. It is one of the oldest churches with continuous activity.

Villages included Brunerstown, founded in 1837 by Joseph Bruner; Fern, about 1870; Oakalla, with Stone quarries, a railway station and a post office, June, 1872; and Vivalia.

The first store was established Brattain's grandfather in 1870 on the Parke County side of the road. In 1882 Isaac Brattain, Brattain's father, moved the store across the road to Putnam County and operated it until 1918. Vivalia had the only telephone exchange in the area with around 350 subscribers. The post office was in operation from Dec. 26, 1882, to Feb. 6, 1905.

Guests attending the Historical Society meeting were Mrs. Larue Gray, Frank Schafer, a former member, and Mrs. Russell

Pierce, a new member. Mrs. William Boatright, president, presided.

The squeeze appears in many forms, but here is one type of squeeze you've never seen in this column, and which you are also unlikely to encounter in everyday experience. As happens so often in interesting hands, the contract was a part score and only an extra trick was at stake.

In general, when declarer executes a squeeze successfully, it works because one (sometimes both) of the defenders has a high card he must hold as well as another suit containing two or more cards that he must also guard. The squeeze operates when declarer plays a winner at the crucial stage and the

unfortunate defender must discard from one of the two suits he is trying to guard.

If a defender has only single cards to guard, all he is normally required to do is keep those cards and ignore declarer's efforts to squeeze him. Today's hand illustrates a remarkable exception to this rule.

Declarer won the diamond lead in dummy with the ten and returned a low club. East went up with the king and shifted to a trump. West won with the ace and led back a trump to the jack.

Declarer cashed the ace of diamonds, the A-K of hearts and king of diamonds, discarding a heart, and led the jack of clubs. When East went up with the ace, this became the position:

North
 ♠ Q
 ♥ 7
 ♦ J

West
 ♠ Q Q
 ♥ Q Q
 ♦ Q n

East
 ♠ 10
 ♥ 8 4

South
 ♠ K 8
 ♥ 10

A club return would automatically give declarer the rest of the tricks, so East returned a trump. When South followed low, West suddenly found himself squeezed out of a trick regardless of which of his three singleton queens he elected to discard.

ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT SAT., AUG. 3, OR IT CANNOT BE ACCEPTED

One out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family tomorrow...next week...next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have tripled in just a few short years. They are expected to double again in the few years ahead. Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do with your pay check stopped, but living expenses still going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Plan that

... Pays you \$100.00 a week tax-free cash when you go to the hospital.

What a blessing it is when you know you have an extra \$100.00 cash coming in every week—beginning the very first day you enter the hospital.

Now, Presidential's economy plan enables you to enjoy this protection at once. Because it will NOT cost you \$20.00. It will NOT cost you \$10.00—or even \$5.00. Your special low price is just 25¢ for the first month's coverage. Then continue at low Presidential rates.

Your cash benefits increase each year—at no extra cost to you!

And what peace of mind not to worry about rising costs. Your protection automatically increases \$3.00 a week each year. The first year you get \$100.00 a week. You get \$103.00 a week in the second year, \$106.00 a week in the third year, \$109.00 a week in the fourth year. By the eleventh year, your policy will be worth a full \$130.00 a week in benefit payments...at no increase in cost to you! This generous cash reserve protection will belong to you for as long as you keep the policy. You can see that your insurance will be worth much more than the present "face value" of the policy. Certainly, our increased payments to you will help keep pace with rising costs and—best of all...

...The increasing benefits come to you at no extra cost. You still pay the regular low Presidential premium!

What other Plan protects you like this today? What other Plan keeps protecting you against rising living costs the year ahead without increasing your premiums? And that's not all. This special Presidential Extra Cash Plan (#HP 18L-1067)...

PAYS Up to \$10,000.00 CASH for each accident or illness, starting the very first day in the hospital.

PAYS \$100.00 A WEEK CASH—if you need a full time registered nurse when you come home from the hospital—up to 50 weeks.

PAYS \$1,000.00 EXTRA CASH for accidental death.

PAYS Up to \$2,000.00 CASH for accidental loss of limbs or eyesight.

PAYS \$100.00 A WEEK CASH for each pregnancy, when you go to the hospital, assuming both husband and wife have been enrolled in the Family Plan With Maternity.

PAYS Up to \$5,000.00 when a child goes to the hospital for any accident or illness when you are enrolled in the Family Plan.

PAYS you cash benefits that increase each year...to a maximum of \$130.00-A-WEEK...at no extra cost to you

NO age limit—no medical examination required

IF YOU ARE 65 OR OVER YOU WILL COLLECT IN ADDITION TO MEDICARE

Why are smart folks over 65 now hastening to protect themselves with the Presidential Extra Cash Plan in addition to what Medicare will do for them? Even though Medicare is a great boon to folks over 65, it will not, of course, pay all the bills that quickly pile up as a result of illness or accident.

Regardless of your age, you still need additional health protection.

We have designed this plan as the important addition to what you receive from Medicare—or any other health insurance you may have. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be big ones! In addition to what you receive from Medicare, Presidential pays you \$70.00 a week...EVEN FOR 100 WEEKS if necessary! You can receive as much as \$7,000.00 for each illness or injury when hospitalized!

... Pays you \$100.00 a week CASH for a registered nurse at home.

Yes, in addition to the \$100.00 weekly checks we send you during your hospital stay, we pay you an extra \$100.00 a week if the doctor says you need a full-time registered nurse to take care of you at home.

How comforting it is to know that—after your stay in the hospital, if you've been there three days or more, you can return home to recuperate and yet not be a burden to your loved ones. Yes, if your doctor says you need a registered nurse full time within 5 days after you come home, we'll send you checks for \$100.00 a week—for as long as you need the nurse—even up to 50 weeks. It's like having a reserve of \$5,000.00 cash to draw on when you need it. These benefits also increase each year by \$3.00 a week. Another exceptional feature you have with Presidential...

... Pays you \$100.00 a week cash maternity benefits

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to buy all the things you need for the new baby? Now, if both husband and wife are insured in the wonderful Family Plan With Maternity for the entire period of the pregnancy, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days—as long as necessary—you get \$100.00 a week for every day of your confinement, up to 100 weeks.

All these added cash benefits.

Yes, in addition to \$100.00 a week for hospitalization or \$100.00 a week maternity benefits and \$100.00 a week for a registered nurse at home...you get all this:

Added cash benefit: \$1,000.00 cash to your family if death occurs within 90 days from any accidental injury. Think of how handy the cash can be in time of loss. It can take care of burial expenses without burdening your loved ones.

Added cash benefit: Up to \$2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs anytime within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for \$1,000.00 or \$2,000.00 brings peace of mind during the period of adjustment.

Added cash benefit: Choose either Family Plan...and your children will be covered too! Presidential pays up to \$5,000.00 any time your youngster goes to the hospital...for tonsils, appendicitis, or any other illness or injury! Yes, you will receive \$50.00 cash, week after week—for as many as 100 weeks, if necessary.

We pay your premiums when you are not able

As a special consideration to you—if you are hospitalized just a few weeks or more, all premiums that come due while you are still in

the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, Presidential will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL—TO A MAXIMUM OF 100 WEEKS per confinement! This means you pay no premiums, yet your full protection remains in force—you collect up to \$10,000.00 for each confinement!

THIS LIMITED ENROLLMENT OFFER ENDS SOON Only 25¢ for First Month—Money-Back Guarantee

You can now have your first month's protection for your entire family for only twenty five cents! But you must act immediately. Your request for this wonderful Income Protection Plan must be mailed on the convenient form below NOT LATER THAN MIDNIGHT of the date in the Enrollment Form.

This midnight expiration hour cannot be extended. If your enrollment form is mailed later, it cannot be accepted.

These are the ONLY exclusions!

Your Presidential policy covers every conceivable kind of sickness or accident except conditions caused by war or any act of war; mental disorders; intoxicants and narcotics where care is in a Government hospital; pregnancy except as provided under the maternity benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your policy...during the first 2 years only.

This last item is a real help if you already have a health problem. If you are sick before you take out this policy, you will still be covered for that condition after the policy has been in effect for 2 years. Meanwhile every new condition is covered.

How can 25¢ buy so much?

You can buy ordinary insurance at any time and pay the regular rates, if you wish. But Presidential can now provide you and your entire family with \$100.00 a week tax-free Income Protection for just 25¢ the first month only because we enroll a large number of people at one time—direct by mail! This highly efficient "Mass Enrollment" method cuts costs to the bone—and the savings are passed on to you!

Make your decision carefully

Think how costly a hospital confinement will be. Imagine paying for those indispensable X-rays, doctor bills, medicines and drugs that are not covered by your present insurance.

Would you be able to afford the quiet and privacy of a private room and a private nurse, should you so desire? Or a telephone to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay their bills that keep on coming in at home? Many folks have lost their life savings, their even their homes trying to meet such expenses. And no one knows whose turn it will be next.

Why you must act before the deadline date shown in the enrollment form—just a few days from today

Why do we give you so little time to apply for your insurance policy—only a few days? Because, as mentioned above, we must receive your Enrollment Form the same time as all the others in order to pass on to you the savings that come from processing many policies at one time.

We mail you the policy as soon as we receive the Enrollment Form. When the policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then—show it, if you wish, to someone you trust. Perhaps your lawyer, accountant, or banker. Better still—show it to your own insurance man...even though he may very well be working for another insurance company! If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere—at any price!

Money back guarantee—in case you change your mind

Even after you mail your Enrollment Form below...even after you examine the policy in your own home and talk it over with anyone you wish...even after all this you are still free to return the policy within 15 days and your quarter will be refunded at once. There will be no obligation whatever.

Meanwhile, all during the 15 days you are making up your mind—you'll be protected by \$100.00-A-WEEK extra cash benefits just as if you had already said "yes." That's right, you will be fully covered all this time for any accident which puts you in the hospital, even if you finally decide to return the policy.

However, after you've seen the policy for yourself, you will surely agree that this is a tremendous value and you'll want to continue this \$100.00-A-WEEK extra cash protection under the Plan that's best for you.

PLAN I—INDIVIDUAL(S) ONLY PLAN:

If you want to cover yourself—or yourself and one or more adult dependents (including your spouse)—then this is the Plan for you. Each person must be 18 or over, and shall pay (per person) the rate applicable to his or her age.

Age at Enrollment	Monthly Premium
18-39	only \$3.95
40-49	only \$4.95
50-59	only \$5.95
60-69	only \$6.95
70 and over	only \$8.95

PLAN II—FAMILY PLAN WITH MATERNITY

This plan is for the family that is still growing. To the total of the monthly premium for the adults to be insured, just add \$5. This entitles you to all maternity benefits. It also covers all your unmarried, dependent children between the ages of 3 months and 19 years who live at home. Future dependent children will be covered when they reach 3 months of age and without any additional charge.

PLAN III—FAMILY PLAN WITHOUT MATERNITY

This plan is for the family that is no longer growing. To the total of the monthly premium for the adults to be insured, just add \$3. This covers all your unmarried, dependent children between the ages of 3 months and 19 years who live at home.

NOTE: The regular Monthly Premium shown here (for your age at time of enrollment) is the same low premium you will continue to pay; it will not automatically increase as you pass from one age bracket to the next. Once you have enrolled, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state.

Act now—"later" may be too late!

TIME IS PRECIOUS! Act quickly (No salesman will call.) Get your enrollment form into the mail today—because once you suffer an accident or sickness, it's TOO LATE to buy protection at any cost. That's why we urge you to act today—before anything unexpected happens.

THESE 23 QUESTIONS AND ANSWERS

Tell you how Presidential's COST OF LIVING INCOME REPLACEMENT HEALTH AND ACCIDENT PLAN gives you the protection you need—at amazingly low cost!

- How much will my policy pay me when I go to the hospital? The full amount you are paid \$100.00-A-WEEK cash every single week. And it starts the very first day you are in the hospital. (If you are over 65, you are paid \$70.00 a week, in addition to any Medicare benefits you receive.)
- Will I be paid if I am hospitalized for less than a full week? You certainly will...regardless of whether you are in the hospital for as short a time as one day...or as long a time as a week, month, year or more.
- Does this Plan pay you from the first day of hospitalization? Yes! You receive full cash benefits of \$100.00 a week starting the very first day you enter the hospital. The coverage begins when we accept your completed Form and 25¢—that is the day you and your loved ones are covered for any accidents. Sickness coverage begins 30 days after the effective date of the policy.
- How much do I receive for a Registered Nurse at Home? \$100.00-A-WEEK for up to \$5,000.00 after you have been hospitalized for 3 days or more, and your doctor has you employ a full-time registered nurse within 5 days after you leave the hospital. Ten years from now it will have increased to \$130.00 a week in benefits...at no extra cost to you!
- Are there any accidental death benefits? Yes. \$1,000.00 cash is paid to your estate when death occurs any time within 90 days of an accident.
- Will I be paid extra if I lose a limb or eyesight? Yes. Presidential pays \$1,000.00 for complete accidental loss of one hand or one foot or sight of one eye; \$2,000.00 for loss of both hands or both feet or sight of both eyes...when dismemberment occurs anytime within 90 days of the accident.
- How much do we receive for pregnancies? If you have the Family Plan With Maternity, you receive \$100.00-A-WEEK for each pregnancy, childbirth or miscarriage that results in hospital confinement when both husband and wife are enrolled under this plan for the entire period of pregnancy.
- Suppose I am paid benefits for any sickness or accident. What happens if I am again hospitalized for the same condition? Don't worry. You still collect \$100.00-A-WEEK for a total of 100 weeks. And if you have already resumed full normal activities for just 90 days, it's considered a new confinement, and you can collect for an additional 100 weeks. Of course, any new condition is covered immediately for a full 100 weeks.
- How may I use these benefit payments? You may use them in any way you wish—for hospital and doctor bills, rent, food, household expenses, or anything else. This is entirely up to you.
- May I apply if I am over 65? Yes, you may. Folks any age are welcome to apply—there is no age limit. Members over 65 are paid \$70.00 a week plus all Medicare benefits.
- Can I collect from Presidential even if I carry other insurance? Of course. This plan will pay you in addition to whatever you may receive from any other policies, including Medicare for folks over 65.
- Why do I need this Presidential Plan in addition to my other hospital and health insurance? While hospital costs have tripled in recent years, very few people have tripled their insurance. The chances are one in seven that you will need money to take care of all your other expenses, as well as your hospital bills. Your Presidential checks are rushed to you by air mail to use as you see fit.
- What benefits do my eligible, dependent children get? If you choose a Family Type Plan, your dependent eligible children, ages 3 months to 19 years, would receive 50% of all the cash benefits of the basic Plan and 100% of all its other benefits and features (excluding Waiver of Premium).
- May I add future dependent children to my policy after it is in force? Yes, indeed, if you have the FAMILY PLAN WITH MATERNITY. Just notify us when they are 3 months old and they will be covered without evidence of insurability and any additional charge.
- Will my protection be cancelled because I have too many claims? No, definitely not! Presidential guarantees never to cancel your protection because you have too many claims or because of advanced age. We also guarantee never to refuse to renew your policy unless the premium is not paid before the end of the 31-day grace period, or unless renewal is declined on all policies of this type in your entire state. (Of course, if deception is used in making application, the policy may be ineffective.)
- Will my rates be raised as I grow older or if I have too many claims? No matter how many claims you have, or regardless of how long you keep your policy, your rate will remain the same as it was for your age when you applied. Presidential guarantees never to adjust this rate unless the rates are adjusted on all policies of this type in your entire state.
- What is not covered by this policy? The only conditions not covered are those caused by: mental disorders; intoxicants and narcotics where care is in a Government hospital; expenses resulting from any sickness or injury you had before the Policy Effective Date (during the first 2 years only); act of war. EVERYTHING ELSE IS COVERED—including pregnancy when both husband and wife have been enrolled in the FAMILY PLAN WITH MATERNITY for the entire period of pregnancy.
- What are the requirements for membership in one of the Presidential Plans? You must not have been refused any health, hospital or life insurance; and, to qualify during this enrollment period, you must enroll before midnight of the date in the coupon.
- Why is this offer good for a limited time only? Because, by enrolling a large number of people at the same time, underwriting, processing and policy issuance costs can be kept at a minimum—and we can pass these savings on to you.
- Besides the savings, are there other advantages to joining Presidential during this enrollment period? Yes, there certainly are. A very important one is that you do not need to complete a regular application—just your brief form in the lower left hand corner of this page. Also, during this enrollment period there are no other requirements for eligibility—and no "waivers" or restrictive endorsements can be put on your policy!
- Can other members of my family take advantage of this special offer? Yes, as long as they can meet the few requirements listed under Question 18.
- How does the money-back guarantee work? Examine your policy carefully in the privacy of your own home. If for any reason you are not completely satisfied, return it within 15 days and we will promptly refund your money. Meanwhile you will be fully protected while making your decision!
- How do I join? Fill out your brief enrollment form and mail it, with just 25¢ for the first month's protection for your entire family. Mail to: The Presidential Life Insurance Company of America, 11401 Roosevelt Blvd., Philadelphia, Pa. 19154.
